

GO 'ROUND THE FACTORY!

For machining operations on copper, brass and bronze, it is vital to utilize a premium metalworking fluid that is effective with these metals. Working with yellow metals can also result in blue goo on your machines, on the floor, seemingly everywhere. We can help rid you of that nuisance. ICC manufactures a line of premium semi-synthetic coolants which exhibit increased compatibility when used with yellow metals.

FEATURES & BENEFITS

- Advanced Semi-Synthetic Coolants
- Chlorinated & Non-Chlorinated
- No Nitrites, Phenols, Heavy Metals
- Formaldehyde-Free to Comply With Health and Safety Regulations
- Low Foaming up to 3,000 PSI
- Non-Misting & Clean-Running
- Rejects Tramp Oil & Settles Fines
- Reduces Build-Up of Cast Iron Smut
- Residual Film is Non-Sticky
- Effectively Inhibits Corrosion & Rust
- Minimize & Eliminate Blue Residues

CHLORINATED

HEAVY-DUTY
IC 3620

EXTREME-DUTY
IC 3627

NON-CHLORINATED

GENERAL PURPOSE
IC 3622

HEAVY-DUTY
IC 3623

Got Funk?

Save time switching fluids and **Get The Funk Out!**

Non-Corrosive Machine Cleaner

Request your FREE sample today!

ICC's advanced metalworking fluids are specially-formulated with synthetic lubricants, potent corrosion inhibitors, advanced polymers and effective detergents to achieve optimum lubricity and metal-removal capabilities; excellent and prolonged tool life; as well as superior corrosion protection for parts and machinery. Our coolants run clean for extended sump life and lower operational costs.
